Value proposition

Christie® is a U.S.-based manufacturer of high-performing, trusted, and secure AV solutions for government applications. This includes projection, video walls, display signage, video processing, and AV distribution. We offer TAA-compliant products, with many also being BAA-compliant.

Christie also provides professional services such as system engineering, installation support, and support-level services for government projects globally. As a manufacturer of a wide range of AV solutions with an unwavering commitment to quality and expertise in fulfilling government requirements, choosing Christie ensures a simple and seamless process from concept to installation to commissioning and beyond.
